

SHILIN YUAN

✉ shilinyuan@cuhk.edu.hk · 🔗 <https://shilin-yuan.github.io>

ACADEMIC APPOINTMENT

Huazhong University of Science and Technology (HUST), School of Management

Assistant Professor

July. 2026 –Present

The Chinese University of Hong Kong, Department of Decisions, Operations and Technology

Postdoctoral Fellow (in collaboration with Prof. Xiting Gong)

July. 2025 –Jun. 2026

EDUCATION

Tsinghua University (THU), Beijing, China

Aug. 2021 –Jun. 2025

Ph.D. in Operations Research **Advisor:** Prof. Jinxing Xie (with close collaboration with Prof. Yuan Zhou)

Huazhong University of Science and Technology (HUST), Wuhan, China Aug. 2017 –Jul. 2021

B.S. in Mathematics and Applied Mathematics

ACADEMIC VISITS

Georgia Institute of Technology, H. Milton Stewart School of Industrial and Systems Engineering

Visiting Student **Host:** Prof. Xin Chen

Jul. 2024 –Nov. 2024

RESEARCH INTERESTS

Methodology: Data-Driven Algorithm Design and Analysis, Heuristic Design using Asymptotic Analysis and Approximation Algorithm.

Application: Operations Management, especially Supply Chain Management, Revenue Management.

PUBLICATION

- [1] (Alphabetic) Jiameng Lyu, Jinxing Xie, **Shilin Yuan**, Yuan Zhou. A Minibatch-SGD-Based Learning Meta-Policy for Inventory Systems with Myopic Optimal Policy. *Management Science*. 2025, Vol.71, No.7, pp.5572-5588. [\[Link\]](#) [\[SSRN\]](#)
- [2] **Shilin Yuan**, Jiameng Lyu, Jinxing Xie, Yuan Zhou. Asymptotic Optimality of Base-Stock Policies for Lost-Sales Inventory Systems with Stochastic Lead Times. *Operations Research Letters*. 2024, Vol.57, Article 107196. [\[Link\]](#)

WORKING PAPERS

- [1] (Alphabetic) Xin Chen, Jiameng Lyu, **Shilin Yuan**, Yuan Zhou. Learning in Lost-Sales Inventory Systems with Stochastic Lead Times and Random Supplies. Accepted at *Management Science*. [\[SSRN\]](#)
- [2] (Alphabetic) Junyi Liu, Qihang Sun, Jinxing Xie, **Shilin Yuan**. Joint Dynamic Advertising and Pricing: Near-Optimality of Static Policies and Demand Learning. Under review after minor revision at *Production Operations Management*.

- [3] (Alphabetic) Jiameng Lyu, **Shilin Yuan**, Bingkun Zhou, Yuan Zhou. Optimality of Sample Average Approximation for Data-Driven Newsvendor Problems: A General Optimization Perspective. Under review after major revision at *Production Operations Management*. [\[SSRN\]](#) [\[arXiv\]](#)
- [4] (Alphabetic) Xin Chen, Jiameng Lyu, **Shilin Yuan**, Yuan Zhou. Learning When to Restart: Nonstationary Newsvendor from Uncensored to Censored Demand. Reject and Resubmit at *Management Science*. [\[SSRN\]](#) [\[arXiv\]](#)

WORK IN PROCESS

- [1] Asymptotic Analysis of Inventory Systems under Large Penalty Cost: A General Markov Decision Process Approach. *In preparation for submission.*
- [2] Smoothness and Strong Convexity of Base-Stock Policies for Lost-Sales Inventory Systems. *In preparation for submission.*

PROFESSIONAL SERVICES

- **Reviewer:** *Operations Research*, *Operations Research Letters*
- **Session chair:** 14th POMS-HK International Conference, CSAMSE 2024

HONORS AND AWARDS

- National Scholarship (Top **1%**), THU October 2024
- Excellent Teaching Assistant, THU July 2024
- Outstanding Graduate, HUST June 2021
- Honored Bachelor's Degree (Top **1%**), HUST June 2021
- Excellent Undergraduate (Top **1%**), HUST September 2018

TEACHING EXPERIENCES

Tsinghua University:

- Teaching Assistant: Modern Optimization Methods (60420174) Spring 2024
- Teaching Assistant: Mathematical Programming II (70420624) Autumn 2023
- Teaching Assistant: Mathematical Models (00420033) Spring 2023
- Teaching Assistant: Introduction to Mathematical Modelling (00420152) Autumn 2022
- Teaching Assistant: Mathematical Experiments (10420854) Spring 2022
- Teaching Assistant: Introduction to Mathematical Modelling (00420152) Autumn 2021

TALKS AND POSTERS

- A Minibatch-SGD-Based Learning Meta-Policy for Inventory Systems with Myopic Optimal Policy.
 - 14th POMS-HK International Conference 2024
 - 2024 Purdue Operations Conference 2024
 - 2024 INFORMS Annual Meeting 2024
- Optimality of Sample Average Approximation for Data-Driven Newsvendor Problems: A General Optimization Perspective.
 - CSAMSE 2024 2024
 - (Poster) 2024 INFORMS Annual Meeting 2024
- Joint Dynamic Advertising and Pricing: Near-Optimality of Static Policies and Demand Learning.

MISCELLANEOUS

- **Programming Skill:** MATLAB, Python
